Sir,

I have the honor to State that the Budget grant for the Current year on account of dieting and other Charges of the Epedimic Diseases Hospital and Plague Camp in the Magadi Road is ~~Rs~~ 6,900/- or ~~Rs~~ 575/- per month, half of which is paid from Plague Funds.

Owing to a large number of admissions into the Hospital as well as in Camp the total expenditure for the 1st Six months-from the 1st July to the 31st December 1901- has come up to ~~Rs~~ 3930-10-7 or ~~Rs~~ 480-10-7 in excess of the proportionate allotment for

that period.

If the expenditure for January 1902. Viz, Rs 1685"1"11 be also deducted from the balance now available, there remains only Rs 1284"3"6 out of the Budget provision which is hardly sufficient to meet the expenditure of one month.

As the Municipality in its present financial Condition is not able to bear even the moiety of these excess charges, I beg that Government sanction may be obtained to the extra expenditure which has been already incurred and which may be incurred during the remaining 5 months of the year in excess of the Budget provision from Provincial Funds.

I have the honor to be

A Cheque for the abstract bill for payment to the Contractor and another for Rs 200/- to replenish the advance may kindly be issued in favor of the Superintendent of Plague Camp.

It will be seen from the detailed bill that the expenditure upto end of Feb.y is Rs 6868-10 and there is only a balance of Rs 36-5-6 out of the sanctioned scale. A Supplemental allotment of Rs 5000/— seems to be necessary. Sanction therefor may be obtained before the end of the current month so that there may be no difficulty in paying the bills of this month.

*Sir,*

With reference to Government Proceedings No 17505-7 L.F.91-92 dated the 1st May 1902, I have the honor to submit for orders the report of the Committee appointed by Government in their Proceedings No 16420-L.F.91-92 dated the 7th April 1902 to Consider and report on the possible reduction and future regulation in the feeding and other Charges of the Plague Hospital and Camp on the Magadi road. I beg to add that-

the Senior Surgeon who was also one of the four members of the Committee was not present at the meeting.

As regards the proposed reductions, those under heading A have been partly reduced after a Consultation with the Health Officer and the Senior Surgeon.

I have the honor to be

Sir,

Your Most Obedient Servant,

President.

Report (1)

In obedience to the order of Government conveyed in No 11,420, dated the 19th September 1902, we the undersigned members of the Committee, beg to report as follows:

The expenditure in the Feeder is divided Hospital and Camp may be divided under 4 heads viz (A) Establishment. (B) Medicine and Medical contingencies, (C) Visiting the Patients and (D) Visiting the Contacts.

(A). Establishment. We think there is sufficient scope for reduction under this head of Charges. We think an establishment, as noted in the Schedule at foot, will be ample, instead of the present one, amounting to over Rs: 400, a month.

(B) Medicine and Medical Contingencies. These Charges could not be fixed at any particular figure. The actual costs will have to be met.

(C). Visiting the Patients. Here also, we beg to say, no reduction can be suggested consistant with the health of the Establishment. We examined the different Meals of diet. We are assured they are

time Health Officer, with his staff, any case of the disease, as soon as it came to their notice could not escape detection, the object of the removal of the patient to the Hospital at once. The third by, in the period, we will be making the indolent, less indolent, and so chances of imposing upon the sanitary officers, however careful and vigilant they may be disposed to be.

We are not in a position to suggest any further reduction in the expenditure till the system of compulsory segregation in all cases in this City is deemed expedient to be abolished by the Government.
